Surrounded by a 1000 acres we are able to offer an extensive selection of activities for both the leisure and corporate markets all under one roof (quite literally) like no other venue in the UK.

Whether it be archery for a group of 10 or a mini Glastonbury themed event for 600, we have the knowledge, the kit, the enthusiasm and the venue to make a unique idea.... a reality.

When the sun drops, we don't stop....providing sound and lighting, theming, props and a wide range of evening entertainment. With The Event Station a great past lies just ahead!

WITH OVER 25 YEARS OF EXPERIENCE

The Event Station was established in 2012 with ambition, enthusiasm, imagination, 2 lengths of bunting and a second hand gazebo.

We had to start somewhere and are very proud of how far we've come. On our last check we were using at least 5 lengths of bunting per event. All owned by us.

With over 25 years of events experience working around the UK and abroad we have created unique events for some of the worlds biggest brands. From Sail Regatta's around the Mediterranean to 'The Apprentice' in Lisbon.

We are proud of our team (despite some of the photo's above ;-)) and how far we have come together. We love meeting people and delivering unforgettable experiences for them with a smile on our face and a heart on our sleeve.
